Reason for return for repair? (Please list any symptoms or specific problems in the space below)

**Bessemeter Service Information**

The Bessemeter meter will be repaired to factory standards and returned within 5-10 business days.

The cost of repairing your Bessemeter meter is \$157. If our factory-trained technicians find that your meter is not repairable, you will be notified before any further action is taken.

If no repair is needed, your meter will be recalibrated to factory specifications. The cost for diagnostics and recalibration is \$131.

**Billing Information**

Purchase Order Number: (Invoice requires active account at Bessemeter.)

Prepaid (Cheque or Money Order)  Visa  MasterCard  American Express

Account #  Expires  Security Code

Cardholder Name  Billing Zip Code

**Warranty Note !**

Bessemeter recommends that you register your meter at [bessemeter.com/register](http://bessemeter.com/register).

Please consult your manual for information about your product's warranty. If your meter is outside the warranty period, any repairs performed by Bessemeter are covered by a 90-day warranty. Other failures or problems that your meter may exhibit afterward that are not related to the repair, and/or the original symptoms or problems, will not be covered by this 90-day warranty. Your meter must be sent to our repair facility so that we can verify failure and warranty coverage.

**Important**

Make sure your return shipping address is correct. Incorrect information may result in additional shipping/freight charges billed to you.
